*Connecting Seniors & People with
Disabilities to a World of Possibilities*

Savvy Cyber User Rap
Written by Mary Twomey

I want to stay connected
There's a big ole world out there
Twitter, Facebook, You Tube
E-mails flying through the air
I may be over 60, but I love those mp3s

I'm a savvy cyber user
Come on and FaceTime me
I read the paper on my iPad
And I surf the net for free
My favorite cyber café is
The public library
I write to all my homies
Up in Sacto and D.C.
No stamps, no paper,
But they know the addressee.
I'm a savvy cyber user
I'm great with advocacy.

Got an email from Nigeria
I won a million bucks.
I may have a disability, but I'm not
A sitting duck.
The email says a check will come,
It will be just for me.
Next they'll be asking for
My password and I.D.
But I'm a savvy cyber user
So I press Delete.

(Repeat First verse)
